TOTAL ABSTINENCE SAVING WINE TILL IT
RIPENS.

There is a curious story about some native
wines which are extensively advertised nowa-
days, and have only recently been put upon
the market. Dr. Underhill, the well-known
grape-grower of Croton Point, died in 1871.
Some of his heirs entertained temperance
views of such extreme kind, that they were
unwilling to allow the stock of wines then on
hand to be sold or any more to be made.
The grapes have sometimes been sent to
market, and sometimes left to decay upon
the vines. It is only now that the other heirs
have succeeded in arranging for a settlement
of the estate and the sale of the wines on
hand. Among these is a wine of the vintage
of 1864, described as a "Sweet Union Port,"
but suggesting the Imperial Tokay more
than any other European wine, and being
wholly unlike any other wine of American
growth. Its purity, age and mellowness are
remarkable, and both physicians and wine-
fanciers have a special interest in it as the
oldest native wine now accessible in any con-
siderable quantity. The whole stock is in the
hands of the well-known wholesale grocery
house of the Thurbers.—*N. Y. Tribune*,
Nov. 19, 1877.

The above speaks for itself, but we would
add that this is the pure juice of the grape,
neither drugged, liquored nor watered; that it
has been ripened and mellowed by age, and
for medicinal or sacramental purposes it is
unparalleled. It can be obtained from most
of the leading Druggists throughout the
United States, and at wholesale from the
undersigned, who will forward descriptive
pamphlet, free of charge, on application.

Respectfully, etc.,

H. K. & F. B. THURBER & CO.
